Located 13 Miles South of Victoria, TX

Coming 2 Year Old Bulls
BRANGUS, ULTRABLACK & SANTA GERTRUDIS
PLUS 150 Commercial Females

T E X A S

WELCOME CATTLE PRODUCERS AND FRIENDS

We would like to take this opportunity to invite everyone to the Annual Texas Alliance Sale. This sale is brought to you by a group of ranchers that have the future of the cattle industry in mind.

Cavender Ranches, Harris River Bend and Briggs Ranches. These ranchers will present an elite set of Brangus and Santa Gertrudis bulls, along with a group of bred heifers bred to low-birth-weight Brangus bulls that will fit anyone's needs.

The bulls that these ranchers offer have been sorted and culled on from the time they were babies, at weaning, after performance test, also using ultra sound data and including EPD's. These are the bulls that have met a host of criteria. We are confident they will meet your needs.

All of the ranchers in this sale have been in business for a very long time, in different environments. Spring is near, rains have come, green grass is close. The best calf market that we have seen in many years is here. Now is the time to upgrade your bull battery and add females to your herds.

On behalf of the Briggs Family, we welcome you to the ranch and hope to see you on March 19, 2024.

If we can be of any assistance in any way, please do not hesitate to contact us.

*Su Amigo,
Joe Jones
General Manager of Briggs Ranches

SIGHT UNSEEN PURCHASE OPTION

If you are unable to attend the auction in person or watch DVAuctions internet broadcast, simply contact the marketing team:

- Describe your selection criteria and the type of bull(s) and/or female(s) you wish to purchase and your price range.
- You pay only the bid price, just as if you were bidding in person.
- We will call after the sale to confirm your purchase and you can confirm your payment method and arrange shipping.
- You decide if the animal meets your criteria upon delivery. If you are not happy with your purchase, you don't own it.

BRIGGS RANCHES SLAUGHTER HEIFER DATA

In today's cattle industry there are many top qualities that the commercial cattlemen look for and strive for on purchasing their replacement females or replacement bulls. A lot of those qualities consists of performance, structure, carcass data. These three things have been Briggs Ranches top priorities since the very beginning. We have been striving for years to be able to produce the top-quality bulls and females for the commercial cattlemen on structural soundness and performance data. For years, we have been collecting performance data and have set strict criteria on our bulls and females. For the last year and half, we have been focusing on feedlot performance and carcass data on our females. It has been a long time coming and the results are here.

TERMS & CONDITIONS

Bidding

Each animal will be sold to the highest bidder without reserve. The auctioneer will settle any disputes as to bids and his decision on such matters shall be final.

Terms

Each animal becomes the risk of the purchaser as soon as sold, but it shall be the obligation of the seller to see that animals are fed and cared for until loaded for shipment or until the expiration of 48 hours after the sale, whichever occurs sooner. After 48 hours a maintenance fee of \$5.00 per day will be assessed until pickup, unless AMS arranges shipment.

Certificate of Registry

A transferred certificate of registry will be furnished to the purchaser for each registered bull or registered female once proper settlement has been made.

Health

Health papers suitable for interstate shipment will be furnished on all animals.

Announcements

Any changes from the information of any kind in this catalog will be provided in a sale day supplement sheet or announced from the auction block and such information shall take precedence over cataloged information.

Breeding Guarantee

1. All animals are guaranteed to be breeders with the exception of: a) calves under 12 months of age; b) animals shown by purchaser after sale in which the guarantee (if any) shall be between the seller and the buyer; c) injury or disease occurring after the sale; d) gross negligence or willful misconduct on the part of the purchaser; e) death by any reason.
2. Any bull which settles cows by natural service and passes a fertility test made by competent veterinarians, mutually agreed upon by the buyer and seller, during any six month period of trial (provided for in paragraph 2 of the section of these sales terms and conditions entitled "Options and Privileges of Return or Adjustment") shall be considered a breeder. All partial interest bulls are guaranteed to produce freezeable quality semen.
3. Safe in calf females have been examined by competent personnel and are so guaranteed.
4. Exposed females have been exposed but are not guaranteed to be safe in calf.

5. Open females have not been served and are so guaranteed.

Pregnancy Determination

The females in this sale noted safe in calf have been determined pregnant by physical palpation. Our best estimate of service sire will be given in the case of the females with both an A.I. sire and a natural breeding sire.

Options and Privileges of Return or Adjustment

1. All claims for adjustment or refund must be made in writing within six months of the sale date.
2. In the event an animal is claimed to be a non-breeder, the animal may be returned to the seller if in good condition and complying with the health requirements of Texas. The seller shall be entitled to a six month trial following the return of the animal in which to prove that the animal is a breeder. If at the end of six months the seller is unable to prove the animal is a breeder, the seller shall at the option of the buyer replace the animal with another of equal value or issue a credit for the initial selling price. If the seller proves the animal to be a breeder, it shall be the obligation of the purchaser to take delivery of the animal and pay all expenses incurred for transportation.
3. If a bull is sold and at a later date proves not to be eligible for registration under association rules, the seller shall be obligated to make a satisfactory adjustment on the purchase price to the buyer, refund the purchase price or issue a credit for the initial selling price upon the return of the animal to the farm of the seller.
4. If an animal is sold and through DNA is proven to have incorrect parentage as represented by the certificate of registration, and for which the parentage can be determined, the seller shall be obligated to make a satisfactory adjustment on the purchase price to the buyer, refund the purchase price or issue a credit for the initial selling price upon the return of the animal to the farm of the seller.

Rights and Obligations

1. The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding on both. Other than the guarantees and warranties stated above, no other warranties or guarantees are expressed or implied. Each sale or resale of an animal constitutes a separate transaction.
2. No person connected with the management of the sale assumes no liability, legal or otherwise.

Watch & bid online for FREE at

DVAuction
Broadcasting Real-Time Auctions

Can't make the sale? Bid from home with DV Auction's "real-time" internet bidding service!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

After the sale, contact the sale manager or owner to arrange transportation and payment. **High speed internet** is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

DISPOSITION SCORING

A disposition score has been included for every bull selling. 5 stars being the best and 1 being the worst. Please note the explanation of our scoring system below and contact us with any questions you may have.

DISPOSITION SCORING TABLE

Extremely gentle, difficult to get out of the way.

Nervous and moves away rapidly when you enter their flight zone.

Calm but moves away from you when you get close to them.

Extremely nervous and/or aggressive temperament. Thrashes about when confined and may attach the scorer in the pen.*

Calm but moves away from you sooner than a 4 (Larger Flight Zone).

*There are no one star ranking in this sale as they have been culled.

CALVING EASE, BIG GROWTH, MILK AND INDEXES
 Empire and the 392C15 Kahn donor has done it again. His full brother, Briggs Handsome Jack 392J sold in the fall of 2022 to Johnston Brangus for \$23,000. His full sister, Briggs Empire 392H sold to T3 Brangus in ACE's Elite sale for \$22,000 in the summer of 2022. You will find calving ease, big growth, +9 Milk and big Indexes in this good empire son. He checks a lot of boxes both numerically and phenotypically.

ELITE GROWTH, BIG REA, SC AND INDEXES
 This deep bodied son of Never Surrender is a powerhouse. How many bulls can scan a 15.4" REA. We will start counting now and he is one. His dam is also the dam of Rome of Salacoa 535Z, the first great Stonewall son, owned by Jeff Thomas. 535K10 records elite growth, big REA and SC with big Indexes for both Terminal and Fertility. As a matter of fact, his dam ranks top 1% for Fertility Index.

TEXAS ALLIANCE

S A L E N O T E S

2024 TEXAS ALLIANCE

You drive, we'll help steer

As a local cooperative, we share our profits with the Texans we serve. Since 2006, we've returned almost \$2 billion in combined cash and allocated equities to our members through our cooperative returns program. So, when you're ready to expand or enhance your ranching operation, try a partnership that really pays. **Together we're better.**
